

California's 23rd Annual Freethought Day

FREEDOM OF SPEECH AND THOUGHT • CIVIC ENGAGEMENT • ENTHUSIASM FOR SCIENCE

SOCIAL JUSTICE • SEPARATION OF CHURCH AND STATE

What is Freethought Day?
October 6 (Sunday), 2024

Celebrating our 23rd year, we host an annual event at the California State Capitol that celebrates science, secular rights, social justice, civic engagement, and the First Amendment.

Our event brings together local, regional, and national community leaders, non-profit organizations, elected officials, popular authors and podcasters, live entertainment, and more to engage and inspire our audience.

It's a "festival of freethought" and will take place both in-person and via live-stream. Attendance is free, entirely supported by donations and sponsorships.
