

# Freethought Day

It's Free!  
It's Fun!

A Celebration of Reason, Freethought, and Church / State Separation

Embrace  
Reality!

**Sunday, October 8, 2006 ♦ Noon - 5 PM**

**Waterfront Park, Front & L Streets, Old Sac**

Embrace  
Reality!

This annual event began as a commemoration of the 1692 declaration by the colonial governor of Massachusetts that evidence admitted in court must be restricted to the real world. The celebration serves as a reminder that our courts should be places of fairness and justice for everyone.

Featured Presenter  
**Lori Lipman Brown**  
Director, Secular Coalition for America  
Washington, DC Lobbyist — Giving Voice to Nontheistic Perspectives

The event is a community opportunity to celebrate the independent thinkers and values once seen as so radical, but which brought our nation to the forefront and led to its grand ideal—governmental neutrality toward citizens' ultimate beliefs
